

Chilworth Technology Ltd - based in Southampton, Hampshire

**Junior Laboratory Technician
REF # JLT1707**

Chilworth is a world leader in process safety testing and consultancy. Within the UK the company has fully equipped laboratory facilities on the outskirts of Southampton, in the beautiful setting of Southampton Science Park.

As part of the company's ambitious growth strategy, we are seeking a Junior Laboratory Technician to join the team within the Industrial Explosion Hazards Laboratory. The role will entail general cleaning, sample preparation & testing of a wide variety of materials, using specialist equipment, for process safety testing.

The successful applicant will be expected to have a keen interest in science supported by at least GCSE Level qualifications in Science & Maths. An enthusiastic, flexible and ambitious candidate is sought who has strong self-motivational, team working and communication skills. Previous laboratory experience is preferred but not essential as full training will be provided.

Benefits include, 25 days holiday entitlement, contributory company pension scheme and life assurance cover. Normal hours of work are 08:45 to 17:00 Monday to Thursday & 08:45 to 15:10 Friday.

Applications should be sent by e-mail to recruitment@chilworth.co.uk . **Applicants must detail the reference number for the post being applied for.** The closing date for this position is Monday 31st July 2017.

We regret that due to the large number of applications received we will be unable to reply to all candidates individually. Therefore if you do not receive a reply within five working days of the closing date please be aware that you have been unsuccessful on this occasion. However, we thank you for your interest in Chilworth.
